Robert:

In recent history, Region 7 has performed the following AHERA inspection in Indian country. All of the schools have returned to compliance through our compliance assistance efforts. The inspection data are in ICIS if you need more details. Also, our R7 tribal coordinator, Wolfgang Brandner, has coordinated extensively with his HQ counterparts; thus, you might wish to contact Jonathan Binder, Catherine Tunis, or Gracie Pendleton, et al.

St. Augustine Indian Mission School 11/03/09
Winnebago Public Schools 11/04/09 - (not a BIA-funded LEA, but has substantial tribal enrollment)

Kickapoo Nation School 1/22-23/2009
Meskwaki Settlement School 10/22/07

Sincerely,

Larry A. Hacker
Regional Asbestos Coordinator
U.S. EPA Region 7

 Robert Courtnage---03/04/2010 08:48:10 AM---Hi All- I am once again working on asbestos, at least partially. Hope you all are doing well.

Subject: Tribal Activity on Asbestos in Schools

Hi All-

I am once again working on asbestos, at least partially. Hope you all are doing well.

A question for you for which I would appreciate your prompt response. We would like to find out about any past or present Regional activity with tribal schools and/or BIA schools regarding adherence to the AHERA requirements. This would include any past or present compliance assistance or enforcement actions. Thanks much.
